

Pamela A. Burda, MS, CHP, CSP

SANDLER OCCUPATIONAL MEDICINE
ASSOCIATES, INC.

Ms. Pamela Burda joined SOMA in 2003 as an Occupational Health Specialist. She has been involved in a wide variety of projects to determine health hazards and environmental conditions present in a variety of occupational and residential settings. Ms. Burda is a Certified Health Physicist and a Certified Safety Professional with over fifteen years of experience in evaluating and controlling health hazards in the workplace. She holds an undergraduate degree in Chemistry and a Master's Degree in Nuclear Engineering, both from the University of Arizona. She has experience in a wide range of areas pertaining to occupational health, including ionizing and non-ionizing radiation protection, industrial hygiene, safety, and quality assurance. She has provided consulting services to clients, both governmental and private.

EDUCATION

- Bachelor of Science, Chemistry, University of Arizona
- Master of Science, Nuclear Engineering, University of Arizona

NOTED ACHIEVEMENTS

Ms. Burda has both developed and implemented programs related to occupational safety, and has performed audits on programs developed by others to verify that worker safety was adequately assured. She has experience in designing and managing programs for the safe handling and transportation of radioactive and hazardous materials, and has developed and implemented audit plans to verify that other programs handle and transport such materials safely, as well as to verify that they comply with all applicable regulations, both American and international. She has extensive experience in performing assessments to determine levels of ionizing and non-ionizing radiation generated from a variety of sources.
